## Standard Roller

It's equipped with **9 standard pieces**, by means of which the user can work all kinds of profiles. Square, rectangular pipe, solid round and square bars, U Profile, T profile, angle, flat bar, edged flat bar...

Adjustable rollers, by washers with the size of profile or pipe which allows us to make bending to different pipe or profile sizes.

## Fiber Rollers

## Optional Roller

Rollers made of **Steel and treated to 62 Rc**. Suitable for bending all kind of round steel or stainless steel pipes.

Always clean up the rollers well before using stainless steel not to get the pipe contaminated.

Rollers made of **Sustarin** to bend round stainless steel pipes, aluminium and delicate materials with thickness not bigger than 2.5mm.
