

# UV WALL PRINTER

Contact Number :

8895929247/9831029247

#### Ultrasonic monitoring

Two ultrasonic sensors can sense in real-time up and down directions, effectively preventing damage to the printer and the wall due to uneven walls during the printing process.

#### Handheld control panel

The newly upgraded handheld control panel is convenient for printing operations and observing the running status of the printer.

#### Infrared cross cursor positioning

The printer is equipped with an infrared cross cursor for locating the starting point of printing, making it easy to implement imposition printing.

## Application :

## SPECIFICATION :

**Model : TLPUVWP 900**

**Print Head : Epson High Precision Print Head**

**Colour Mode : C\M\Y\K**

**Power Supply : 5M Power Cord**

**Drying System : UV\_LED Light System**

**Move Method : Fold+Split**

**INK : Environmental LED UV Ink**

**Print Resolution : 720x720 dpi-1440x2880 dpi**

**Media Type : Latex Paint Wall/Putty Wall/Tile Wall**

**Weight : 120 Kg**

**RIP Software : Maintop**

**Image Format : JPEG/PNG/PSD/TIFF**

**Printing Speed : 5m per hour**

**Printing Size : 2.5m(H) x 5m (L)**

**Body Size : 3.06 m x 0.76 m x 0.85 m (unfolded)**

**Body Size : 1.56 m x 0.8 m x 0.85 m (folded)**

**HEAD OFFICE :**

**PATHAK INDUSTRIES KOL**

**a unit of T.L. PATHAK GROUP**

**116,117,G.T. ROAD,SALKIA,HOWRAH-711106**
