

# CNC Multipurpose Hydraulic Busbar Processing Machine

## SPECIFICATION

| Function           | Model                       | PCBB-303ESK    | PBBM-303DM | PBBM-503DM |
|--------------------|-----------------------------|----------------|------------|------------|
| Punching           | Max.punching force(kn)      | 300            | 300kN      | 500kN      |
|                    | Punching diameter range(mm) | 4.3-25         | Ø4.3-Ø25mm | Ø4.3-Ø34mm |
|                    | Max.thickness(mm)           | 12             | 12mm       | 16mm       |
|                    | Max.width(mm)               | 160            | 150mm      | 250mm      |
| Shearing/Cutting   | Max.shearing thickness(mm)  | 12             | 12mm       | 16mm       |
|                    | Max.shearing width(mm)      | 160            | 150mm      | 250mm      |
| Vertical Bending   | Max.bending force(kn)       | 300            | 300        | 300        |
|                    | Max.width(mm)               | 160            | 150mm      | 250mm      |
|                    | Max.thickness(mm)           | 12             | 12mm       | 16mm       |
| Horizontal bending | Max.width(mm)               | 100            | 100mm      | -          |
|                    | Min.angle(Degree)           | 90°            | 90°        | 90°        |
| Out dimension      | mm                          | 1780*1380*1420 |            |            |
| Power              | kw                          | 3x4kw          | 3.4 Kw     | 3.5Kw      |
| Weight             | Kg                          | 1400kg         |            |            |
| CNC precision      | Bending precision           | ±1°            | ±1°        | ±1°        |
|                    | Repeat bending precision    | ±0.3           |            |            |
