

PORTABLE LINE BORING AND WELDING MACHINE

INDIBORER - YANTRA WELD

SPECIFICATION :

Item	TLPBW50A Boring and welding integrated
Voltage	220 V
Max.diameter of boring hole	55-280
length of boring bar	1500/2000/2500
Spindle movement	290
Maximum turning amount	2
Driver system	servo motor
Motor power	1.8
The spindle speed	0-170
Feed amount	5
The range of feed speed	0-80
Torque	76.4
The surface roughness	3.2
Boring roundness error	0.02
The support structure	screw
The range of milling	55-230

HEAD OFFICE :

PATHAK INDUSTRIES KOL

a unit of T.L. PATHAK GROUP

116,117,G.T. ROAD,SALKIA,HOWRAH-711106

PORTABLE LINE BORING AND WELDING MACHINE

STANDARD ACCESSORIES :

Tool

Insulation Sleeve

Nylon Sleeve Center

Tool Holder

Boring Bar

Screw

Welding Rod

Front and Rear Fixed Seat

Tool Bar

OPTIONAL ACCESSORIES : Drawing Of Machine :

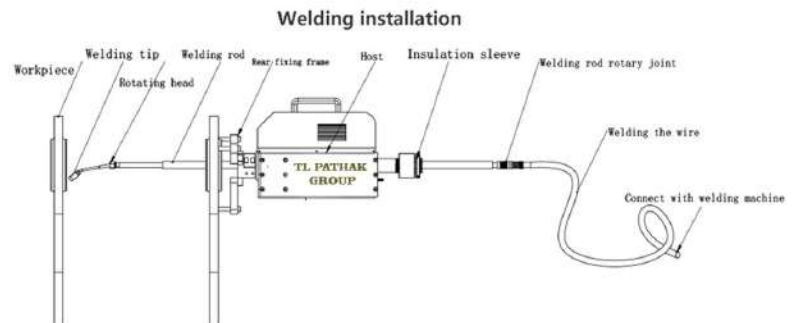

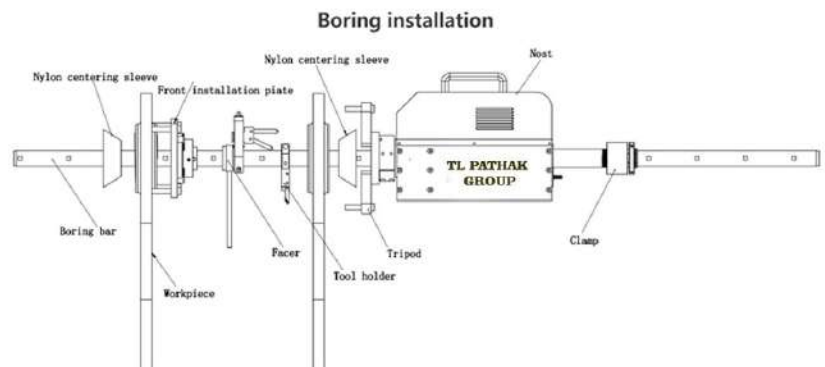

Welding Tip

Face Milling

Dioxide Welding Machine Working Component Set
