

Mini CNC Lathe Machine

1. Servo main motor
2. Small size and cheap price
3. Lower noise and high precision
4. Suitable for educational training and mould machining

Standard Accessories

1. 3 jaw chuck
2. 4 position toolpost
3. Manual lubrication system
4. Coolant system
5. LED working light
6. Tool box with tools

SIEMENS 808D CONTROLLER

SPECIFICATION

MODEL	CNC210
Max. swing over bed	210mm
Distance between centers	400mm
Spindle bore dia.	26mm
Spindle taper	MT4
Spindle speed	3000rpm
Tool post	4-position
Gangtool bar size	12mm
X-axis travel	90mm
Z -axis travel	300mm
X moving speed	2000mm/min
Z moving speed	2000mm/min
Spindle motor power	1.2kw
Min. setting unit	0.001mm
Tailstock dia.	22mm
Tailstock travel	50mm
Tailstock taper	MT2
Overall size	1300x800x1500mm
N.W	350kgs
